

# Nunthorpe Squash Club Team Player's Code of Conduct

## 1. Introduction

The committee believes it is important to establish a Code of Conduct for all members representing our Club in team matches, including League, Cup, and Friendly matches.

Our goal is to promote sportsmanship, teamwork, and the positive reputation of our Club.

Here are the key principles and actions we ask all team members to follow:

### 1. Upholding Our Club's Reputation

- All members are expected to exhibit exemplary behavior both on and off the court. Good sportsmanship is crucial, and we aim to enhance the Club's reputation through our actions and words.

### 2. Team Player Responsibilities

- **Fixtures:** The full league fixtures can be found under the LEAGUE MASTERS tab on <https://dcsra.co.uk> website
- Please ensure you note applicable fixtures and consult team captain if you are unable to play any fixture
- If you are unavailable for any match, **it is your responsibility to arrange a replacement** and inform the Team Captain as soon as possible.
- **Attire:** Team sponsor shirts should be always worn during matches.
- **Refereeing:** Each player is expected to take turns in marking or refereeing games.
- **Post-Match Duties:** All team members are encouraged to stay after the match to help entertain our visitors and to assist in cleaning and tidying up once the visitors have left.

We understand that there may be occasions where immediate departure after a match is necessary due to work or personal commitments.

**If such a situation arises, please inform the Team Captain in advance.**

These guidelines are designed to ensure a positive and cooperative team environment.

**If any member feels unable to adhere to these provisions, we kindly ask that they reconsider their position within the team.**

Thank you for your understanding and cooperation.

The Committee
